

Mentors for Self Determination

PA TRAINING PARTNERSHIP FOR PEOPLE WITH DISABILITIES AND FAMILIES

our goals

To hold the commitment and belief that all people should have the freedom to lead self-determined lives

To establish a wide network of individuals and family mentors across the many towns and communities in Pennsylvania

To keep individuals and families informed of current issues through training, mentoring, our website www.mentors4sd.org; newsletter *The Mentor Memo*; and our email group <http://groups.yahoo.com/group/m4sd>.

www.mentors4sd.org

training

As one of the partners of *The Pennsylvania Training Partnership for People with Disabilities and Families*, we provide training in the Central Region of Pennsylvania on such topics as Overview, Waivers, and Person Centered Thinking.

mentoring

We offer state wide "Family Connections" which are personal mentoring sessions where Mentors share life experiences, promote self determination and understanding of the system by encouraging self advocates and families to network with each other, with other agencies and resources in their counties.

"working to form partnerships between people with disabilities, their families and support systems"
