

*why we organize
self advocates
and families . . .*

To empower self advocates
and families to become leaders
in their counties and regions

To educate the general public
about the Mental Retardation
System in Pennsylvania

To assist individuals and
families in achieving their
goals of self determination

our mission

We are a dedicated
group of self advocates,
family members and
caregivers whose
mission is to provide current and
accurate information to individuals,
families, and caregivers about the
Mental Retardation System in
Pennsylvania.
